

AXA
INDUSTRIES

SND CUTE One of the compact Sanitary Napkin Incinerator in the world. It consumes lowest power in its class. It has inbuilt automatic thermosensor for efficient operation, long running and over heat protection.

SANITARY NAPKIN DISPOSAL MACHINE

Technical Specification

- Size 300x250x250mm
- Heater 750 watt
- Weight approx 10kg
- LCD display with temperature & timer
- MS powder coated body
- 30 min auto cutoff (as required)
- 25mm thickness ceramic fiber insulation
- Ceramic insulation for excellent thermal protection

Where to use

- Girls' School & Colleges
- Women's Hostels
- Hospitals
- Shopping Malls & Supermarkets
- Hotels & Restaurants
- Offices & Factories
- Airports, Railways & Bus Stations
- Public Toilets
- Amusement Parks
- Waiting Rooms
- Petrol Pumps
- Police Stations & Metro Stations etc.

SND Cute

Features

- Simple operation - Insert napkin - Press "Start" switch.
- 20 napkins or 8 baby diaper burning capacity per day.
- 2 to 4 napkins or 1 to 2 baby diaper at once as per size.
- Wall mounted and table top (as per requirement)
- Burning process of napkins produce less than 1gm of ash per napkin.
- Auto thermal cut off for safety of user as well as power saving.
- Compact in size, can be placed inside toilets.
- CE approved product.
- Having test report as per CPCB norm.
